**2016-17**

## **7.3.1**

### **Institutional Distinctiveness**

The overall environment of the college was buzzing with a lot of excitement and activity be it curricular or extra –curricular activity. The status of the college got a boost with the inclusion of first P.G. course in the college, the initiation of ICT learning, the organizing of so many cultural activities at the inter college level and the inter college ones. The women cell of the college, the NSS wing of the college and the cultural committees of the college were all very active. The students of the college got access to new vistas and their horizon got wider. They became more confident as the academic environment became more friendly in the midst of lush green campus.

The institution got the status of a reputed college of the whole Mewat region.

The students of the college were taken to historical places on education tours and were made to compete with the students of other colleges in inter college competitions organized by other colleges.

This journey was quite strenuous but at the same rewarding and satisfying.
