

2018-19

7.3.1

Institutional Distinctiveness

This college is located in Mewat area which has an abysmally poor literacy rate of 37.60 for females and 73 for males. The Muslims the minority community is in majority in this district forming 79.20 and Hindus are in minority forming only 20.37 of the total population. The college administration with due support from the Department of Higher education strives hard to impart education to these girls belonging to the most deprived section of the society. The Meos are a bit conservative in sending girls to the college and the college administration works tirelessly to rope in maximum girls and educate them. The college has a total strength of 482 students and out of these the girls no is 156. The atmosphere of the college is absolutely safe for girl students. There are hardly any instances of eve teasing as the women cell of the college as well as 'Durga Shakti' women police force is just a call away and reaches for assistance immediately. Private bus service has been provided by the college since decades at its own cost in order to commute students to the college and back to their homes on time. All efforts are being made to develop all round personality of students in curricular and extracurricular activities. The stipends and scholarships are given to all the minority community students.

The girls are gradually moving out of there shackles and gradually spreading their wings towards the horizon with new hopes, aspirations and dreams. They have got access to all streams: arts, science and commerce depending upon their choice. They are being taken to historical cities on educational tours. It is so soothing to see these deprived girls excelling boys in various fields.

Here the vision of the college merges very well with the slogan given to the Nation by our worthy Prime Minister Narendra Modi: Beti Bachao Beti Padoo!
