A painting hobby club/Fine Arts club is being launched in the college in order to develop the finer sensibility of students. The students of this area have a lot of innate creative talent and an effort is being made to bring out that. The students of this college are given opportunities to indulge in fine arts activities during their free time. A separate studio is provided to them to paint, sketch and make Rangoli. In order to give larger exposure the budding artists are made to participate in inter college competitions and zonal and inter zonal youth festivals of the university.

In an inter college event held at Sidhrawali 18 students of the college participated in Slogan writing and poster making competitions. The second best practice of the college is its craze of greenery and the campus of the college stands testimony to this fact. Its flora and fauna is an attraction for visitors. No effort is spared for improving its green cover. The gardeners of the college remain busy throughout the day for keeping it tidy and beautiful. During winters red roses are its main attraction. Huge lines of Bottle palms trees struggle to make way to the sky through other invading mighty Peepal and Neem trees. This college is a very fine habitat of innumerable variety of birds.
